SUPERINTENDENT

To The Graduating Class Of 1994:

The time has come for you to participate in a new venture. You will be entering the "world of work" or attending a post-secondary school. Your high school diploma and vocational certificate will greatly assist you in meeting the many challenges that you will face in the years ahead.

It is my hope that Southeastern has given much to you, so that you will be successful and that you have fond memories of school and your classmates.

I congratulate the Class of 1994 and wish you and your classmates the best of health and good fortune.

John P. Avery, Ph.D.

DIRECTOR

Dear Member Of The Graduating Class Of 1994:

On the evening of June 1, 1994, your status will evolve from that of Southeastern student to Southeastern graduate.

With this evolution comes a new responsibility and independence. We have attempted, over the course of the last four years, to provide you with the tools necessary to complete a successful transition from an adult world centered around the "schoolhouse" to the independent world beyond. It is my hope that you have utilized these tools well and that your opportunities for success are plentiful.

There is a certain honor associated with being a Southeastern graduate. You will discover this difference as years pass on.

Best wishes and Godspeed to each of you.
